Case 9096

1. Reference is made to our efforts to establish contact with a large surgical needle firm. Attached are some questions which your representative in the area might be able to put to the firm. I suggest a classification of Confidential for these questions but trust that your representative will elicit their personal confidence so that the matter will not be discussed elsewhere by them.

2. I am enclosing the remnants of the needle. (Cable 243 n/p/m/m)
